

Designed for use with our M-216C, SSK-716, and all other can wrenches with 7/16" hex slot, this security key insert is perfect for unlocking 5/16" or 5/32" hex security screws. This security key insert features the following:

- Inserts smoothly into the 7/16" side of a can wrench
- Can adapt to 5/16" or 5/32" hexes by reversing the insert
- 5/16" side is perfect for use on tamper-proof cross-connect cabinets, MESA, CATV closures, or any other closure with a 5/16" hex
- 5/32" side is perfect for most Network Interface Boxes
