

Designed to test continuity of and identify RJ45, BNC, and F coaxial cable, as well as 6P2C/4P2C jacks, this multi-function cable tester tone and probe kit is the perfect kit for any Voice Data Video (VDV) professional. This kit features the following:

Tracing Probe:

- Plastic probe tip prevents accidental shorts
- LED light provides a visual indication of signal strength
- Able to check the polarity of many 6P2C/4P2C telephone jacks
- Adjustable volume knob and headphone jack assist in tracing wires
- Works with many other manufacturers' analog tone generators
- Includes 9V battery required for operation

Tester & Tone Generator:

- Remote terminator can be used to test RJ45 cables with ease
- Provides tone via RJ45 and BNC connectors or test clips
- Provides talk power to a telephone for testing
- Two different musical tones to choose from
- Works with our TEP-200 tracing probe or others to identify cables
- Includes TET-6 Accessory Kit and 9V battery required for operation

This kit includes:

- TET-700 Multi-Function Cable Tester & Toner
- TEP-200 Tone Tracing Probe
- TET-6 Accessory Kit for TET-700
- (2) 9V batteries
