

### Pigtail, 3m, LC/APC, G657A1, Pack of 12 Colored Fibers - SPT-LCA3/12

Jonard Tools' 12-Fiber LC/APC Pigtail Pack is engineered for superior performance and effortless installation in fiber optic networks. Each pack includes twelve color-coded fibers with precision-polished LC/APC connectors, allowing quick identification, fusion splicing, and deployment in high-density environments.

Manufactured with 900  $\mu\text{m}$  tight-buffered fibers, these pigtails provide durability, flexibility, and consistent optical performance. Every fiber is factory-tested for insertion and return loss, ensuring reliable connections in single-mode applications such as FTTH, data centers, and telecommunications networks.

Whether you're building out a patch panel or performing mass fusion splicing, this 12-fiber pigtail pack delivers professional-grade quality and long-term dependability you can trust.

- Includes twelve color-coded pigtails following TIA-598-C standard (Blue, Orange, Green, Brown, Slate, White, Red, Black, Yellow, Violet, Rose, Aqua)
- Zirconia ceramic ferrules provide ultra-low insertion loss and high repeatability
- 900  $\mu\text{m}$  tight-buffered construction ideal for splicing into distribution cables or patch panels
- Each fiber tested for  $\leq 0.20$  dB insertion loss and  $\geq 50$  dB return loss
- High-strength fiber coating provides excellent flexibility and strain relief during routing and installation

#### SPECIFICATIONS

<b>CONNECTOR TYPE</b>	LC/APC
<b>FIBER TYPE</b>	G657A1 (OS2)
<b>LENGTH</b>	3 m (9.84 ft)
<b>BUFFER DIAMETER</b>	900 $\mu\text{m}$
<b>INSERTION LOSS</b>	$\leq 0.20$ dB
<b>RETURN LOSS</b>	$\geq 50$ dB
<b>PACK SIZE</b>	12
<b>DIMENSIONS</b>	8.4 in x 7.75 in x 0.4 in (21.34 cm x 19.69 cm x 1.02 cm)
<b>WEIGHT</b>	0.1 lb (45.400000000000006 g)
<b>UPC #</b>	810132439773
