

Pigtail, 3m, SC/UPC, G657A1, Pack of 12 Colored Fibers - SPT-SCU3/12

Jonard Tools' 12-Fiber SC/UPC Pigtail Pack is engineered for superior performance and effortless installation in fiber optic networks. Each pack includes twelve color-coded fibers with precision-polished SC/UPC connectors, allowing quick identification, fusion splicing, and deployment in high-density environments.

Manufactured with 900 μm tight-buffered fibers, these pigtails provide durability, flexibility, and consistent optical performance. Every fiber is factory-tested for insertion and return loss, ensuring reliable connections in single-mode applications such as FTTH, data centers, and telecommunications networks.

Whether you're building out a patch panel or performing mass fusion splicing, this 12-fiber pigtail pack delivers professional-grade quality and long-term dependability you can trust.

- Includes twelve color-coded pigtails following TIA-598-C standard (Blue, Orange, Green, Brown, Slate, White, Red, Black, Yellow, Violet, Rose, Aqua)
- Zirconia ceramic ferrules provide ultra-low insertion loss and high repeatability
- 900 μm tight-buffered construction ideal for splicing into distribution cables or patch panels
- Each fiber tested for ≤ 0.20 dB insertion loss and ≥ 50 dB return loss
- High-strength fiber coating provides excellent flexibility and strain relief during routing and installation

SPECIFICATIONS

CONNECTOR TYPE	SC/UPC
FIBER TYPE	G657A1 (OS2)
LENGTH	3 m (9.84 ft)
BUFFER DIAMETER	900 μm
INSERTION LOSS	≤ 0.20 dB
RETURN LOSS	≥ 50 dB
PACK SIZE	12
DIMENSIONS	8 in x 7 in x 0 in (20.32 cm x 17.78 cm x 0 cm)
WEIGHT	0.15 lb (68.1 g)
UPC #	810132439742
