

# SPARC™

## SPARC Detachable Single Fiber Holders, 200–250 $\mu\text{m}$ & 900 $\mu\text{m}$

Designed for precision fiber alignment and optimal splicing accuracy, Jonard Tools' 200–250  $\mu\text{m}$  & 900  $\mu\text{m}$  Detachable Single Fiber Holders are the ideal accessories for use with compatible fusion splicers, such as our SPCL-1 and SPCO-1. These packs of two fiber holders ensures fast and secure placement of single fibers, improving workflow efficiency and reducing splice errors.

- Perfectly sized to hold 200–250  $\mu\text{m}$  or 900  $\mu\text{m}$  single fibers securely during the splicing process
- Minimizes splice loss and improves overall splice quality by holding fibers in precise position
- Easily removable and designed to be reused without compromising performance or durability
