

Designed to accommodate small or limited workspaces where air purification is needed, this fume absorber is perfect for extracting irritating soldering fumes away from the work area. This fume absorber features the following:

- Compact size, low profile, and adjustable stand make it easy to optimize the position of the fume absorber 6"-8" (15.2 cm-20.3 cm) from the working area
- Aerodynamically designed hood and 3000 RPM motor quietly and efficiently remove soldering smoke and fumes
- Thick carbon filters remove up to 80% of the odors from the air

SPECIFICATIONS	
MAXIMUM AIR VOLUME	105 to 126 CFM
NOISE LEVEL	45-50 dB (A)
INPUT VOLTAGE	115V (60 Hz)
MOTOR POWER	15-17 W
MOTOR SPEED	3000 RPM
ACTIVATED CARBON WEIGHT	12 g
WEIGHT	3.40 lb (1.54 kg)
UPC #	811490010130
