

## PRODUCT OVERVIEW

**Product Name:** 6-in-1 High Leverage Ratcheting Lineman's Wrench

**SKU:** RLW-6

**Primary Use Case:** For heavy-duty overhead and outdoor utility work, handling multiple hardware sizes with striking and ratcheting functions

**Hardware Compatibility:** Standard utility pole hardware: 3/4", 13/16", 1", and 1-1/8" combination square sockets, 9/16" and 3/4" 12 pt. hex sockets

## TARGET AUDIENCE

### Ideal User:

- Linemen
- Utility Workers
- Outdoor Installers

### Installation Environment:

- **Overhead/Aerial Utility Work:** Poles, crossarms, and elevated hardware
- **Outdoor Job Sites:** OSP and other exterior installations

## WHY IT STANDS OUT

- 1 Multi-Functional Sockets**  
Works with both square and hex hardware, reducing the need to switch tools.
- 2 Integrated Hammer**  
Built-in striking surface for seating hardware without carrying a separate hammer.
- 3 High-Leverage Comfort Handle**  
Ergonomic grip provides extra torque for heavy-duty applications.
- 4 Durable Construction**  
Forged high-carbon steel with chrome finish resists wear and corrosion.

## WHY WE'RE BETTER

- ✓ *Handles more hardware sizes with built-in hammer and bolt-through design.*
- ✓ *Wrap-around comfort grip with high leverage makes overhead work easier.*
- ✓ *Forged steel construction stands up to tough outdoor conditions.*
- ✓ *Lifetime Warranty*
