

Jonard's cable cutters are made of heat treated carbon steel with induction-hardened cutting edges for maximum strength and durability. These cable cutters feature the following:

- Cleanly cuts copper up to 600 mcm or aluminum up to 750 mcm and multi-conductor cable
- Unique design allows cable to be easily and quickly held and cut
- Spring-loaded mechanism on handles for automatic opening
- Ergonomically designed handle with dipped plastic grip for greater comfort and torque
- This product is not for use on steel or ACSR type cable
