

Using specially designed jaws to hold connectors in place while compressing, this **PATENTED** CTF-360 is designed to hold and compress connectors requiring a full 360 degree support. Perfect tool for short F connectors for RG59/6 cables and F connectors for RG7/11 cables. This tool also features the following:

- **PATENTED** rotatable head provides 360° connector support for short F connectors used on RG59/6 cables and for F connectors used on RG7/11 cables
- Made of durable high carbon steel with a black oxide finish
- Ergonomic finger groove grips provide extra comfort and support while crimping
- Fixed design so no adjustments are needed
- Spring-loaded hinge automatically opens the tool
- Ring loop keeps tool closed when not in use
