

Designed with a 35° beveled edge and 6mm wide carbide blade, this fiber optic scribe is the perfect tool for scribing optical fiber. This scribe features the following:

- 6mm wide carbide steel blade can cleave large diameter fiber and miniature rod-shaped lenses
- Durable anodized aluminum housing provides a comfortable and durable grip
- Ideal for “scratch & pull” technique of scribing fiber

SPECIFICATIONS

BLADE MATERIAL	Carbide
HANDLE MATERIAL	Aluminum
LENGTH	5-1/4" (133.35mm)
DIAMETER	0.41" (10.41mm)
WEIGHT	0.08 lbs (36.29g)
UPC NO.	811490018907
