

Designed to reach diodes in the back of rectifiers, this 24" extra long #3 Phillips Screwdriver is made with a chrome vanadium steel shank with a matte finish for exceptional strength and long life. Our Phillips Screwdrivers feature the following:

- Internal shank flanges to prevent the handle from slipping
- Black oxide finished tip to prevent corrosion and magnetized to hold fasteners for easy removal and installation
- Ergonomically designed tri-color handle for greater comfort and torque
- End of the handle is marked to be easily identifiable while stored
- This Phillips Screwdriver complies with ASME B107.600 and ISO 2380 standards
